Profile

Economist with an MSc in Financial Economics from the University of Glasgow and a BSc in Economics from North South University. Trained in empirical economic research and econometric analysis using cross-country and panel datasets. Seeking to pursue doctoral research in digital literacy and development economics.

Research Interests

- Causal inference and causal AI in economics
- Digital inclusion and broadband policy
- Development economics
- Policy evaluation using econometric methods

Education

University of Glasgow, Glasgow, UK

JANUARY 2021 — JANUARY 2022

- MSc Financial Economics (Merit Award)

North South University, Dhaka, Bangladesh

JANUARY 2016 — APRIL 2020

- BSc Economics (Cum Laude distinction)

Research Experience

Master's Dissertation (University of Glasgow)

Title: *Impact of the Internet on Economic Growth in Developing Countries*

Supervisor: *Dr. Andrei Potlogea*

(Manuscript available upon request)

- Analyzed the relationship between internet penetration and economic outcomes in developing countries using panel data.
- Applied pooled OLS, fixed-effects, random-effects, and instrumental variable models.
- Built a cross-country dataset using World Bank and digital infrastructure indicators.
- Addressed potential endogeneity between internet adoption and GDP outcomes through an IV strategy.
- Examined effects on GDP per capita levels and economic growth across model specifications.

Technical Skills

- **Econometrics:** Panel data, instrumental variables
- **Software:** Stata, R, Python
- **Data:** World Bank, cross-country datasets
